

# JOIN US FOR THE 6th ANNUAL JVIII SWING FOR RB

## SPONSORSHIP INFORMATION

We are so excited to be hosting our 6th annual JVIII Swing for RB Golf Outing! JVIII, or JohnJohn to those who love him, was diagnosed with retinoblastoma, a rare form of pediatric eye cancer at four months old.

While there have been incredible advancements in the treatment of retinoblastoma in the last decade, there are a number of factors that make it difficult for families to get the best treatment. As this form of cancer is rare, there are only a handful of doctors and hospitals that are well-versed in the best forms of treatment which means extensive travel for eye exams and treatment. Additionally, part of the treatment includes constant monitoring for tumors until the eye stops developing (around age 5), and then monitoring for additional forms of cancer throughout life. The medical, financial, and personal costs for families fighting this battle are extensive and lifelong.

We have seen overwhelming support for our JohnJohn since his diagnosis, and are truly honored to have wonderful friends and family by our side throughout this journey. Because JohnJohn's daddy is such a golf fan, we thought a golf outing was the most appropriate and fun way to support our charity!

We hope you will join us as a sponsor, player or guest for the 2023 JVIII Swing for RB!
